

# Seminars

## Research in Biological Anthropology

### What means doing research in Biological Anthropology?

#### 29/3/2019 (Classroom C5-135)

11:00h - **Cristina Santos:**

*Why these seminars?*

11:10h - **2018-2019 MSc students in Bio. Anthropology:**

*Here I am...*

11:20h - **Xavi Roca Rada** (PhD candidat):

*A future PhD in Molecular Anthropology*

11:50h - **Maria Guardiola** (PhD Student, U. Barcelona):

*The Biological Anthropology perspective in Psychiatric Disorders: How evolutionary analysis can be applied to understand Schizophrenia*

12:20h - **Nùria Armentano** (Senior professional):

*The birth of Antropolegs Lab*

13:00h - Coffee and cookies! (Unitat d'Antropologia)

#### 04/4/2019 (Classroom C3b-010)

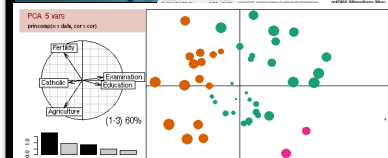

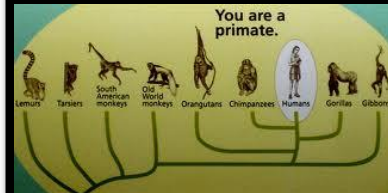

13:00h - **Elena Bosch** (Senior professor, UPF):

*Past, present and future of the Evolutionary Population Genetics Lab*

#### 30/5/2019 (Classroom C3b-010)

13:00h - **Pere Gelabert** (Postdoc researcher, U. Viena):

*Phylogeny and population genetics applied to the study of the eradicated European Malaria*
